**Location :** Evesham

**Specifier :** Karndean Designflooring

**Product :** Van Gogh, Auckland Oak (VGW52T)

**Area :** 80 m<sup>2</sup>

**Sector :** Education

"The Van Gogh range was chosen as a cost-effective and time-efficient option, as the large plank sizes ensured that the installation would be complete in time. Limestone tiles from the Da Vinci range were also fitted into some of the other classrooms because of its attractive yet robust finish."

Ticking all the right boxes, the school's new flooring from Karndean has certainly received a gold star of approval from pupils, teachers and cleaners alike."
