Residential Home case study

This fantastic beach home in the ever-popular Noosaville sits on a beautiful street surrounded by breathtaking homes. The mixture of colours, materials and textures in this home has been carefully collated to make the home warm and inviting but chic and striking.

The customers, a couple nearing retirement, chose to move into their dream home in Noosaville, having owned the land for an extended period. They entrusted Green Earth Homes to design and construct their ideal residence, as the location and block held special memories for them.

For their flooring needs, they opted for Karndean Designflooring based on recommendations from friends and their positive experience with the product in their previous Brisbane home. Their objective was to have a durable and low-maintenance home suitable for their lifestyle. They desired flooring that could withstand potential damage from their dog and beach sand while offering the warm, timeless look of timber. The customers selected the Lemon Spotted Gum Design from the Karndean LooseLay range due to its attractive colour tones and modern appearance, which aligned with their vision of a beach-inspired home.

The Lemon Spotted Gum Design from the Karndean LooseLay collection perfectly suited their requirements. It captures the distinctive characteristics of spotted gum trees found along Australia's eastern seaboard, showcasing sapwood, ring marks, and open wood grains. The design's clean lines provide a fresh, contemporary look, complementing modern homes. With its versatility, the flooring harmonises with various colours and finishes, including concrete, natural stones, woods, and metals. The customers appreciated the flooring's low-maintenance features and were reassured by the residential lifetime warranty provided by Karndean.

"The beautiful Karndean floors really give this home its beach vibe. Laid throughout the home they not only look amazing but they really give the space a sense of warmth and homeliness."

Why choose a loose lay floor?

Loose lay is a format of luxury vinyl flooring featuring our K-Wave® friction grip backing that holds the product in place. No clicking. No locking.

Boasting the realistic designs and grain details customers expect from Karndean, loose lay is available in large-scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors with the use of tacky or hard-set adhesive. Oh, and it's 100% recyclable!

*Tacky or hard set adhesive may be required for most applications, please refer to installation instructions.

Formats

We offer three types of product formats: Loose lay, rigid core and gluedown.

Loose lay

Karndean LooseLay features our K-Wave® friction grip backing which helps hold the product to the subfloor without adhesive, making it quick and easy to install. Ideal for underfloor access panels and temporary roomsets, each plank can be lifted individually where required.

LooseLay Originals

1050 x 250mm plank, 500 x 610mm tile

LooseLay Longboard

1500 x 250mm plank

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
K-Wave® Friction Grip Backing

Rigid core

Our rigid core ranges are ideal for installations where acoustics, uneven subfloors or preservation of existing hard floors need to be considered. A click-locking mechanism allows for quick installation and the preattached backing eliminates the need for a separate underlayment.

Korlok

1420 x 225mm plank, 457 x 600mm tile

Van Gogh

1220 x 180mm plank

Knight Tile

1220 x 180mm plank, 305 x 457mm tile

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
Locking Mechanism
K-Core®
Acoustic Backing

Gluedown

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean Designflooring.

Art Select

228 x 76mm, 915 x 152mm, 1219 x 178mm plank

Van Gogh

1219 x 178mm plank

Opus

915 x 152mm, 1219 x 228mm plank, 457 x 610mm tile

Knight Tile

1219 x 178mm plank, 305 x 305mm, 305 x 457mm tile

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
Backing Layer

The benefits of Karndean Loose lay

Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. Our loose lay ranges can be fitted over most existing hard floors*.

Acoustic qualities

Our loose lay ranges are perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/ loft conversions without the need for underlay.

K-Wave friction grip backing

Our K-Wave® friction grip backing creates a strong bond to the subfloor using a combination of weight and friction.

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
