

## **Karndean Megabond**

BPIR Declaration

Version: 1.1 - November 2023

### **Designated building product: Class 1**

Declaration

Karndean Designflooring Pty Ltd has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

### **Product**

**Name** Karndean Megabond  
**Line** DGL Bondlast Adhesives

### **Description: Karndean Megabond**

- Is a water based, acrylic, hard set flooring adhesive suitable for installation of gluedown and loose lay Karndean LVT flooring

### **Scope of use: Karndean Megabond**

- Is suitable for use as a Karndean vinyl flooring adhesive for areas classified as normally dry.
- Is recommended for use with Karndean Gluedown and Looselay flooring per Karndean's gluedown and loose lay installation guides.
- Is suitable for heavy duty residential and commercial applications.
- Is suitable for use with underfloor heating systems.

### **Conditions of use: Karndean Megabond**

- Is not suitable for exterior use.
- Is not suitable for use in areas subject to constant flooding (e.g. shower stalls).
- Must be installed in accordance with NZS AS 1884 and Karndean installation guidelines.

### **Relevant building code clauses**

- B2 Durability – B2.3.1 (c)
- F2 Hazardous building materials – F2.3.1

### **Contributions to compliance**

- B2.3.1(c) Karndean Megabond is engineered to exceed NZ building code durability requirements (5 years) when installed with Karndean Gluedown and Looselay flooring products in accordance with appropriate NZS standards and Karndean Installation guidelines.
- F2.3.1 Karndean Megabond is not considered hazardous under the Hazardous Substances and New Organisms Act (HSNO), according to the criteria in the Hazardous substances (Hazard Classification) Notice 2020.
