Designflooring

Commercial

Sidewinder Supper Club Livermore, California

"This project required a strong, durable product with ease of maintenance and the additional challenge of matching a specific historical time period."

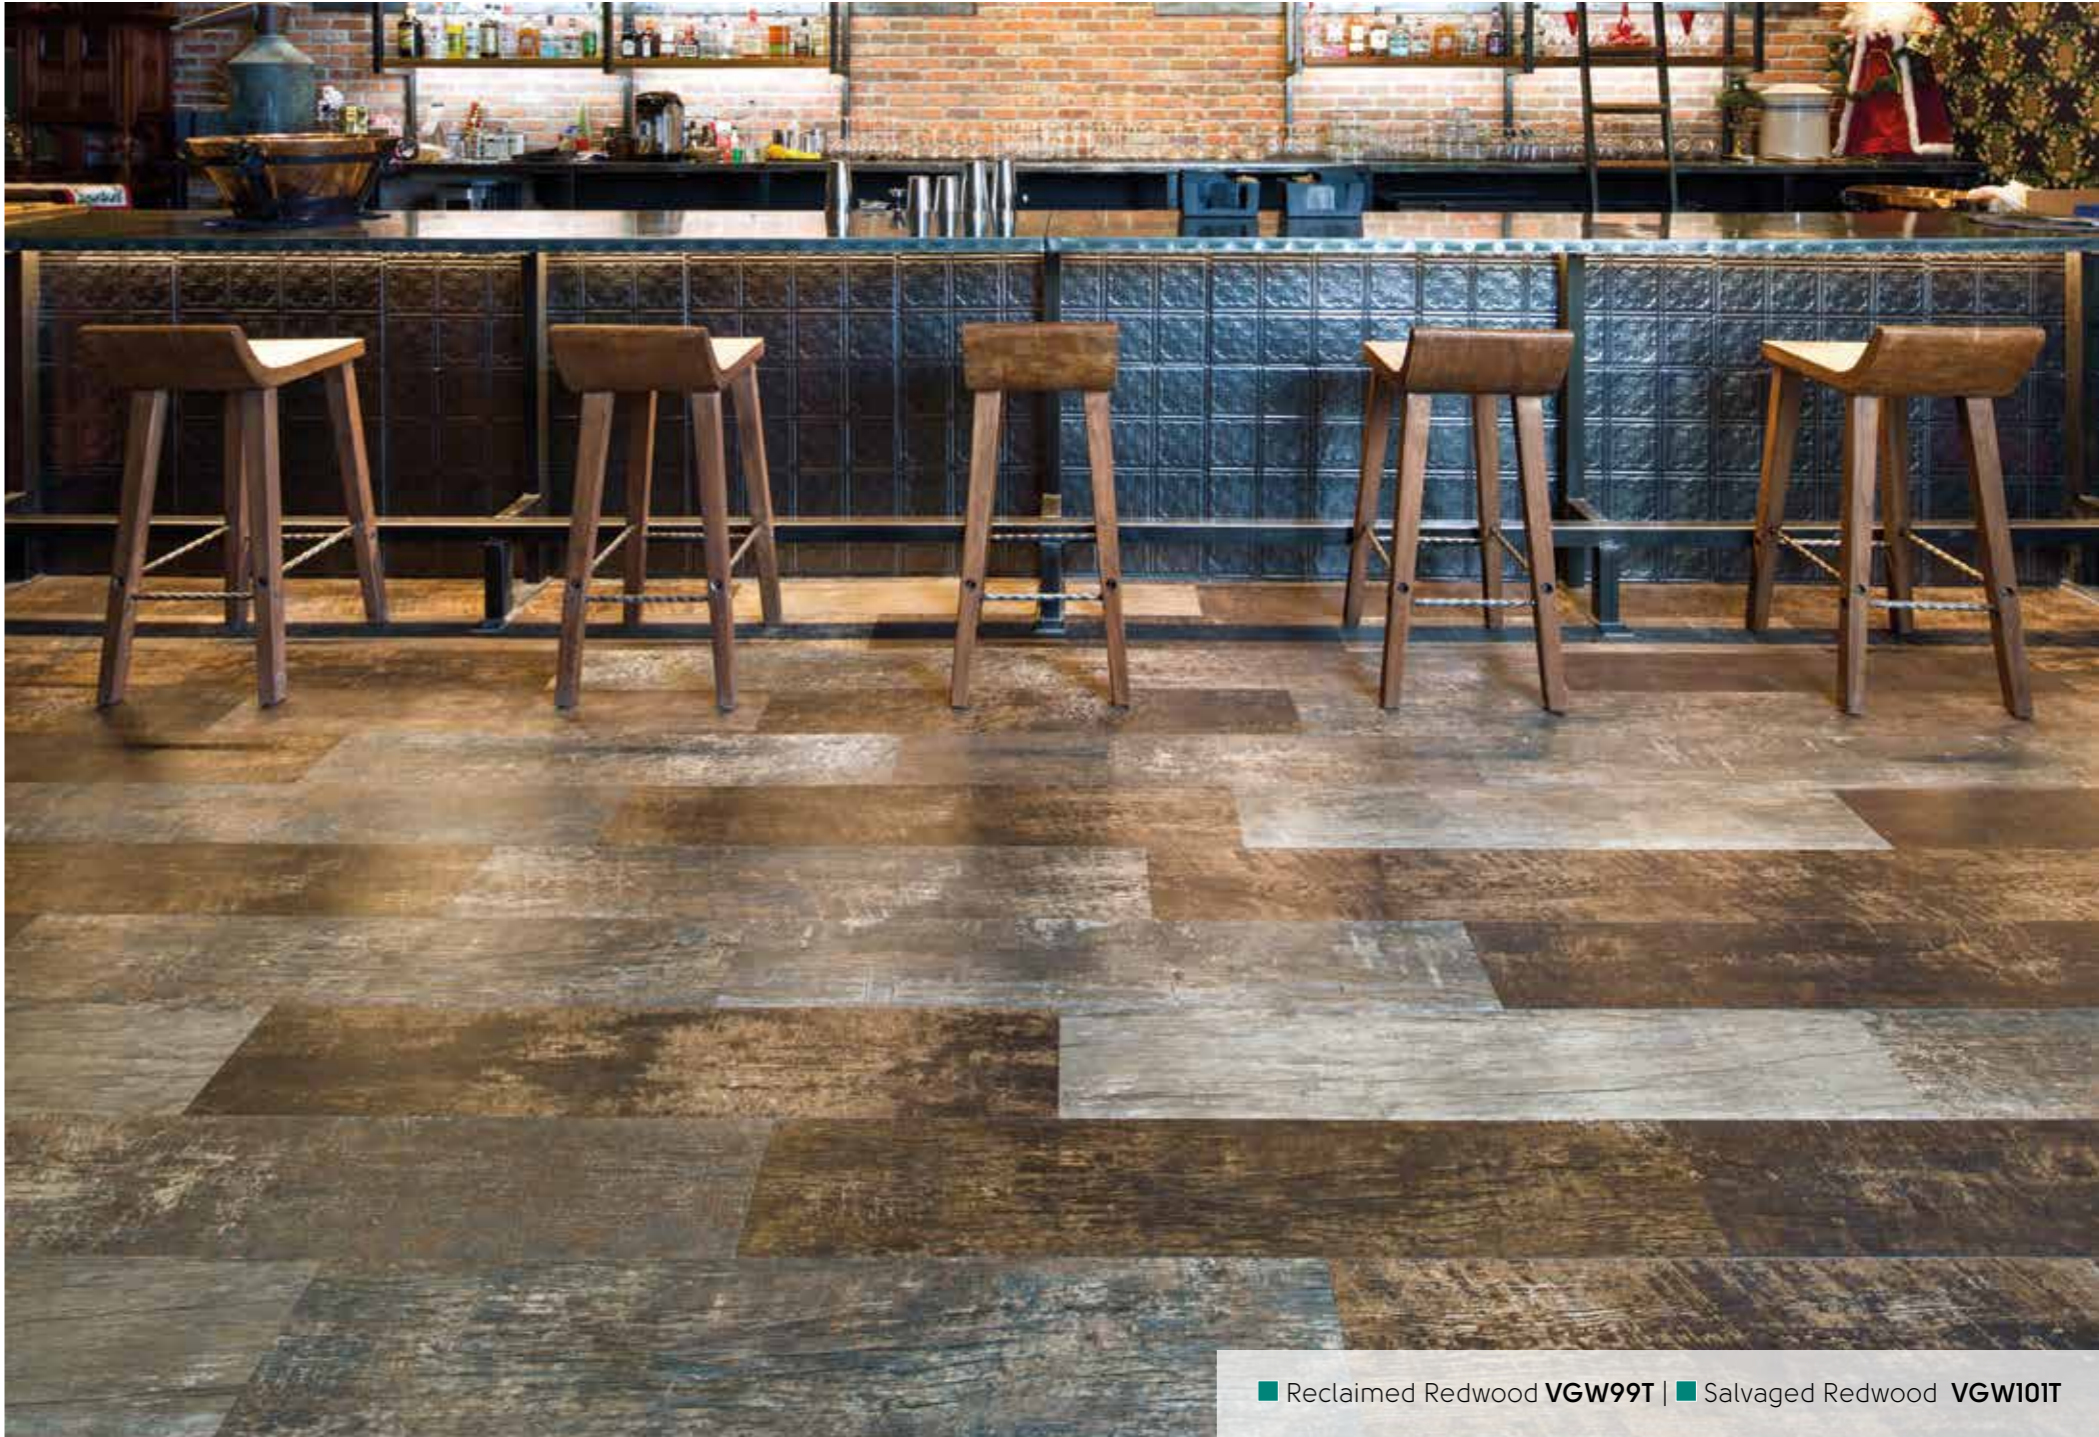

Following the success of his winery, Dr. John Kinney embarked on a new business venture, one he had always envisioned - a prohibition era-style establishment. Everything in the Sidewinder Supper Club dates back to the early twentieth century – from the wood used to create the open shelving to the antique telephone mounted to the wall. In search of a floor that would match the character and charm of the materials sourced from flea markets and auctions, Dr. Kinney turned to Gary Wolfe, President of Abbey Carpet & Floor of Livermore.

“This project required a strong, durable product with ease of maintenance, with the additional challenge of matching the time period and other décor,” Wolfe said. “Karndean Designflooring was our go-to. Dr. Kinney and I searched online for historical photos of prohibition era speakeasies and matched our findings to the Karndean Designflooring catalogs.”

VGW99T

Product:
Van Gogh
Salvaged Redwood
VGW10IT

To achieve a look to match their research, the pair selected not one, but two Karndean Designflooring products - a blend of Reclaimed Redwood VGW99T and Salvaged Redwood VGW101T - and framed the room by incorporating an Ebony design strip.

While farming of American Redwoods ceased in the 1920s, the look of the wood lives on in Karndean Designflooring luxury vinyl. Reclaimed Redwood features weather-worn character in subtle gray and beige tones, while Salvaged Redwood's rough-sawn surface visuals add bold character in charcoal and deep brown tones. Both products are part of the Van Gogh collection and feature a 20mil wear layer to combat the rigors of a bustling bar environment.

Once Wolfe's install team took care of moisture issues, and new pipes and drainage were channeled through the concrete subfloor, the flooring could be properly installed throughout the entry, lounge area corridor, bar and dining areas and galley. The final results perfectly add to the aesthetic and ambiance of the establishment. "I believe, as does the client, that Karndean Designflooring was the perfect choice. It looks awesome and the client is very pleased with the results," Wolfe said.

Art Select
RL04

Thickness: 1/8" (3.0 mm)
Wear Layer: 30 mil (0.7 mm)
Bevel: Yes
Size: 48" x 7"
Warranty: 20 years
Slip Resistance/Result:
ASTM D2047
Pass (Dry 0.92)

Da Vinci
RP100

Thickness: 1/8" (3.0 mm)
Wear Layer: 30 mil (0.7 mm)
Bevel: Yes
Size: 36" x 3"
Warranty: 20 Years
Slip Resistance/Result:
ASTM D2047
Pass (Dry 0.92)

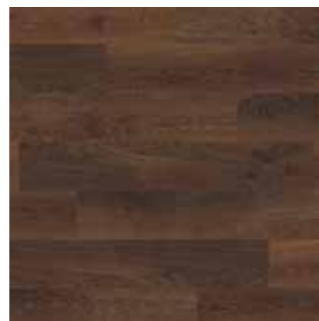

Opus
WP313

Thickness: 3/32" (2.5 mm)
Wear Layer: 20 mil (0.50 mm)
Bevel: No
Size: 36" x 6"
Warranty: 15 Years
Slip Resistance/Result:
ASTM D2047
Pass (Dry 0.89)

Knight Tile
KP98

Thickness: 0.08" (2.0 mm)
Wear Layer: 12 mil (0.30 mm)
Bevel: No
Size: 36" x 6"
Warranty: 10 Years
Slip Resistance/Result:
ASTM D2047
Pass (Dry 0.88)
